DMF 27283    **DMF ACKNOWLEDGEMENT-REGULAR**

ALPHA PHARMA DAMAN PRIVATE LTD.  
Attention: Nilaksh Agarwal  
1, JASHI MARKET, RING ROAD  
SURAT - 395 002, GUJARAT, INDIA

Dear Nilaksh Agarwal,

The Food and Drug Administration acknowledges receipt of the following Drug Master File (DMF) submission:

**DMF Number Assigned:** 27283  
**Date of Submission:** May 9, 2013  
**DMF Type:** III  
**Subject (Title):** PET BOTTLES as manufactured in DAMAN, INDIA  
**Holder:** ALPHA PHARMA DAMAN PRIVATE LTD.  
**Submitted by:** ALPHA PHARMA DAMAN PRIVATE LTD.  
**Agent:** PERFECT PHARMACEUTICAL CONSULTANTS PVT. LTD.

All subsequent correspondence to this DMF should be identified with the information as provided above and, if in paper, should be submitted in duplicate to the following address:

Food and Drug Administration  
Center for Drug Evaluation and Research  
Central Document Room  
Drug Master File Staff  
5901-B Annapolis Road  
Beltsville, MD 20705-1266

Subsequent electronic submissions on disc should be submitted to the same address. Subsequent electronic submissions can also be submitted through the Electronic Submission Gateway.

Your DMF will be reviewed only in connection with a New Drug Application, Abbreviated New Drug Application, Investigational New Drug Application, Biological License Application, New Animal Drug Application, Abbreviated New Animal Drug Application, Investigational New Animal Drug Application, or DMF it is intended to support when a Letter of Authorization is submitted to the DMF.

You are responsible for compliance with 21 CFR314.420. See "The Guideline for Drug Master Files"  
<http://www.fda.gov/Drugs/DevelopmentApprovalProcess/FormsSubmissionRequirements/DrugMasterFiles/DMFSubmission/03164.htm>

Reference ID: 3281204

## The Production Process

Our production process is based on a PET Injection Stretch Blow Moulding (ISBM). Bottles and jars are made in a single stage process (4 steps)

## Quality Assurance

Our whole company is focused on quality. We are always striving to make improvements and provide intensive training to our employees with regard to quality awareness. We have incorporated our quality focus in a certified quality system in accordance with ISO 9001: 2015, FSSC 22000 : V4.1, DMF (insert lab pictures).

## Quality Control

Finished products are specification-tested during production on a random basis; this occurs both during production as well as in the testing laboratory. We make a distinction between two types of inspection: visual and dimensional. During the production process, our operators and quality inspectors regularly check the product has the proper shape, the material is uniformly distributed and no irregularities are present & colors as per approved standards.

## Dimensional Inspection

We also measure properties which are not visible to the naked eye. Frequently, we carry out a check with an automatic measuring system. The system measures the product height and diameter, the exact wall thickness, verticality (i.e. perpendicularity), the weight, the volume and the top load (vertical strength). Following on from the process and product registration checks, each pallet with finished product is formally released by our Quality Control department.

## Tests are conducted inhouse Lab assuring Quality product.

AA Analyser | Moisture Analyser | MEGNA Mike 8500 | Transparency Test | Profile Projector | Color Matching/ UV Tester

## Clean Room Facility

Alpha has a clean room especially for the pharmaceutical industry CLASS 10,000. This is a separate packing area where strict and where only specially trained staff are permitted to work. The air characteristics in the clean room are continuously measured and recorded. The pharmaceutical market is characterized by quality guarantees and process validation, which Alpha considers extremely important. In addition, the bottles are packaged within this class 10000 clean room, so that there is no contact with the outside world at any time whatsoever.

## Corporate Social Responsibility

### Environmental Responsibility.

Environmental sustainability initiatives enacted by Alpha Pharma Daman Pvt. Ltd, generally focus on limiting pollution and reducing carbon. Water treatment and recycle plant been installed. Electricity is used optimally and made sure there is no waste. Plants and trees been planted in factory surroundings and in garden areas to keep environment pollution free and green.

### Philanthropic Initiatives.

Late. Sh. Kanihiya Lal ji always desire to promote the welfare of others, expressed especially by the generous donation to a good causes, on the footsteps Sh. Jugal K. Agarwal MD Alpha Pharma Daman Pvt. Ltd. is actively involved his corporation to the following institutes.

- Shree Mahavir Health & Medical Relief Society, Surat
- Shree Kalyan Arogya Sadan, Sikar
- Shree Krishana Yog & Satsang Kendra, Kuchaman city
- Shree Gopal Goverdhan Gaushala, Dist - JALOR
- Shree Gilo Seva Trust, JHUNJHUNU
- Vanbandhu Parishad Friends of Tribals Society, Surat

### Ethical Business Practices.

Alpha from the very beginning beliefs on ethical principles and dedicated to:

Honesty.

Integrity.

Loyalty.

Fairness.

Concern for customer.

Law Abiding.

### Economic Responsibility.

Alpha's corporate values, internal and external policies and management systems are basis for responsible corporate governance. Legal conduct and a responsible approach to employees, the environment and society are a matter of course.

- We create Value creating from the products (Bottles & preforms) we make, where societies are benefitted from them by increasing their lives welfare.
- We have employed people and paying them money in the form of salaries & wages. This money is spent in something else (other hired services), which employs and pays other people. Simply, businesses keep the live-lihood wheels goes on.
- The taxes we are paying in the form of GST, Income Tax etc. to the governments, who in their turn collects them and give them back to the societies through public services (Healthcare, Transportation, Education).
